

# April

Sunday

Monday

Tuesday

Wednesday

Thursday

Friday

Saturday

Read a story and predict what could happen next	Look up the definition of an unfamiliar word in the dictionary	Read a story and discuss why the author might have written the story	Discuss the problem and the solution of a story. Think of another possible solution.	Choose a classmate to draw a picture of and write a sentence about him/her	Write a short grocery list with a parent or family member	Write down the recipe/ingredients for your favorite dish
Design a Bookmark to use while reading a book	Describe and teach a family member a game you learned in P.E.	Keep a tally of each rainy day in April - "April showers bring May flowers"	Write and mail a letter to a family member that lives in another town	Practice counting money	Call a family member on the telephone and tell them three things you learned at school	Read a story and discuss the main idea
Practice writing numbers 0-50. Bring to show your teacher	Make number flashcards then practice putting them in order	Plant seeds take care of them, and chart their growth throughout the month	Practice adding two-digit numbers	Learn to spell 5 new sight words. Write a sentence with the words.	Write down everything you eat for one whole day. Look over your list and pick out the healthiest	
Write subtraction sentences and solve them	Go for a bike ride with someone you love	Fly a kite	Draw a portrait of a family member or teacher			

**April Monthly Homework Chart**  
 Please color in each activity as you complete it. Leave this chart in your daily folder so your teacher can see your accomplishments.
